

Northwest College Soccer Tour

July 11th – 16th, 2010

We've now helped nearly two hundred athletes obtain scholarships in the last few years, but we still see two fundamental challenges facing our student athletes.

- 1) Students often aren't visiting campuses – possibly the most important aspect in choosing a school – until senior year, very late in the recruiting process.
- 2) Compared to other clubs and schools in urban settings, Alaskans have very little exposure to college coaches to demonstrate their soccer talent. Camps are a great way to show off.

We now have an opportunity to change that by offering a college admission/soccer exposure/traveling camp tour this July. The six-day trip includes:

- **Campus visits and tours of twelve to fourteen colleges/universities**
- **Eight to ten training sessions run by coaches of the schools we are visiting and/or friendlies against local teams for coaches to see your play.**
- **“Planning for College Athletics and Scholarships” evening seminar.**
- **Tickets to Seattle Sounders home match vs. FC Dallas**
- **Hotel, ground transport, breakfasts, dinners, and travel shirt.**

Trip is open to any student having completed their sophomore or junior year. Cost to participate is **\$875** which includes five night's hotel, vans, dinners, breakfasts, insurance, uniform use, travel clothing, and Sounders game tickets. Participants need to arrange their own one-way airfares to and from Portland and Seattle. Trips will go with a minimum of fourteen players, up to two teams for 28 total. Players selected to join will be notified on **APRIL 15th**. Selections will give priority to current juniors. To register complete the online application at www.alaskanorthstars.com or simply email us your intent to join if you have traveled with us this past year.
